SPONSORSHIP DOSSIER

ESAB CONGRESS 2024

Donostia - San Sebastian

5th-7th June, 2024

GREETINGS FROM THE ORGANIZERS:

On behalf of the Organizing Committee, it is our great pleasure to present the **European South Atlantic Biophysics Congress** that will take place in Donostia-San Sebastian (Basque Country), on June 5th-7th, 2024. The event will include a **Satellite Workshop** on June 4th-5th, 2024, focused on **early-stage researchers**, with a total attendance of 50 students.

The meeting is being organized as a joint effort by the **Spanish Biophysical Society (SBE)**, the **French Biophysical Society (SBF)** and the **Portuguese Biophysical Societies (SPBf)**, to gather scientists for presenting their most exciting biophysical research work.

This congress is the **first event of a regional agreement** between the three societies in order to organize periodic conferences promoting biophysics, especially amongst young scientist in the South-West of Europe. This congress will be an excellent opportunity for researchers to meet and discuss opportunities to collaborate in a genuinely multidisciplinary environment in the field of Biophysics. We hope that the participation of three societies will broaden the networking activities and the dissemination of knowledge in biophysics.

We expect that this Congress will become recognized as a **reference meeting in Europe** for a large and diverse community of researchers and companies working in **Biophysics**, with special focus on young biophysicists.

We are setting up an inspiring event that will provide plenty of opportunities for interaction and networking.

We look forward to seeing you in Donostia!

Aitziber L. Cortajarena
President of the Organizing
and Scientific Committee
(SBE)

José María Valpuesta
President of the Spanish
Biophysical Society (SBE)

Coralie Bompard
President of the French
Biophysical Society (SBF)

Armindo Salvador
President of the
Portuguese Biophysical
Society (SPBf)

COMMITTEES

Organizing Committee:

Aitziber L. Cortajarena	President of the Organizing Committee (SBE)
José María Valpuesta	President of the Spanish Biophysical Society (SBE)
Coralie Bompard	President of the French Biophysical Society (SFB)
Armindo Salvador	President of the Portuguese Biophysical Society (SPBf)

Scientific Committee:

Spanish Biophysical Society (SBE)

Aitziber L. Cortajarena, CIC biomaGUNE
José María Valpuesta, CNB-CSIC
Beatriz Ibarra Molero, Universidad de Granada
Carlo Manzo, Universitat de Vic

French Biophysical Society (SFB)

Coralie Bompard, CNRS, University of Lille
Lucie Khemtemourian, Laboratoire de Chimie et Biologie des Membranes et Nano-Objets, Bordeaux
Lorena Redondo-Morata, Centre d'Infection et d'Immunité, Lille
Hélène Deméné, Centre de Biologie Structurale, Montpellier

Portuguese Biophysical Society (SPBf)

Armindo Salvador, Center for Neuroscience and Cell Biology-University of Coimbra
Manuela Pereira, University of Lisbon

Local Organizing Committee:

Aitziber L. Cortajarena, CIC biomaGUNE, San Sebastián
David de Sancho, DIPC/UPV-EHU, San Sebastián
Gabriel Ortega, CIC bioGUNE, Bilbao
Edurne Rujas, Biofisika, UPV-EHU, Bilbao

SPONSORSHIP CATEGORIES

<p>“PLATINUM”</p>	<p>2.500€</p>	<p>The company logo will be included on the following materials and will be acknowledged as “PLATINUM” Category:</p> <ul style="list-style-type: none"> ⇒ Website ⇒ Congress newsletters ⇒ Official program ⇒ A 30 minutes Industry Session in the Official Programme – Plenary Room <p>Acknowledgement during opening and closing ceremony Exhibition booth area 4x3 m² Promotional document in the attendant bag 2 full Congress Tickets (access to sessions, coffee breaks, congress dinner)</p>
